Should this exemption be passed, you are putting our community in grave danger.

If something needs to be exempt from human rights, there is a good chance it's wrong.

I would also wonder how do they monitor guest, because Lesbians Born Female is impossible to understand what it even means, no one is born and is like look at me I'm a lesbian. Is the requirement you must have never had a relationship with a "heterosexual born man"

My question to you, if you can help make a positive change and this event would provide that, fine.

But all this group , and this event is doing is creating more segregation for LGBTQIA+ People and it's flat out discriminatory to their own community.
